DECISION MAKING FACTORS

CONSUMER ISSUES WITH SWIGYY

1. Low Market Share & Poor Retention
2. Unclear UI -Overwhelming
3. Relatively higher delivery times
4. Exorbitant Delivery Charges

Market Insights from Secondary Research

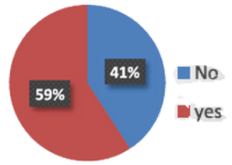

943 Responses

18-21 Age

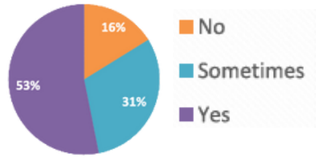

KEY INSIGHTS

1. The Industry has been steadily growing
2. Complaints on Overwhelming UI
3. Market Share lags Zomato by 7%

Cravings due to reels

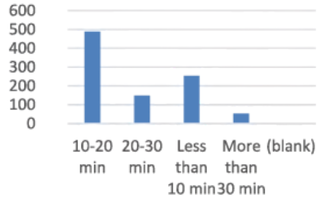

Ordering to Reward oneself

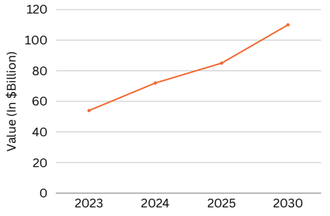

Note: A targeted **"YOU DESERVE IT"** marketing campaign can capitalize on this

Average Time Spent Browsing

Growth in India's Online Food Delivery Market

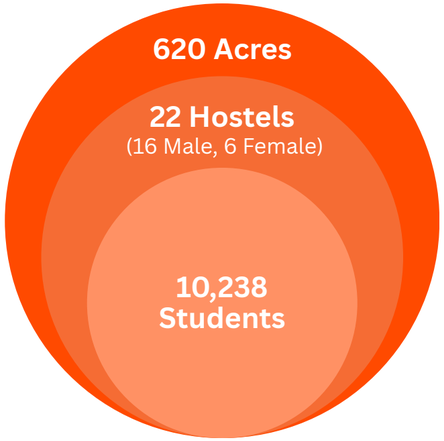

Common Insights

1. Late night Cravings are not satisfied (Closed Outlets / No Delivery Partner)
2. Usual Purchase Price is ₹200-₹400 Consisting Primarily of Western Fast Food

Campus Insights

IIT Madras at a glance

- **Extremely Vast Campus.**
- **It takes 2 Kilo Meters to arrive at Delivery Point from Main Gate**

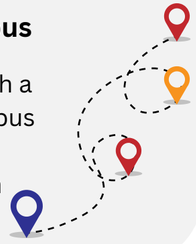

CRITICAL PAIN POINTS IN CAMPUS

1 Limited Delivery Zone

- Delivery Drivers **aren't allowed** to deliver packages to **doorsteps.**
- Only **4** designated **Delivery Spots** are available for the whole Campus.
- Namely: The **3 Gates** and **1 Central Point** in Institute.

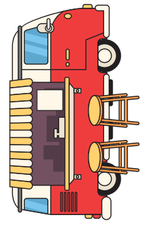

2 Longer Reroute to Enter campus

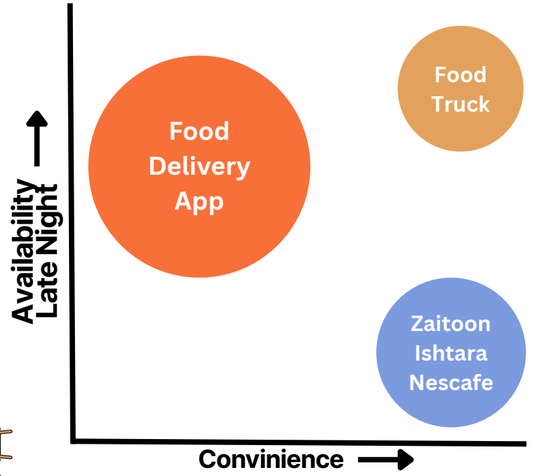

Delivery Driver's are **re-routed** through a **longer** path in order to enter the Campus which **adds additional 2KMs.** Hence **nullifying free delivery** within 7 KMs in most cases.

3 Inconvenient Options

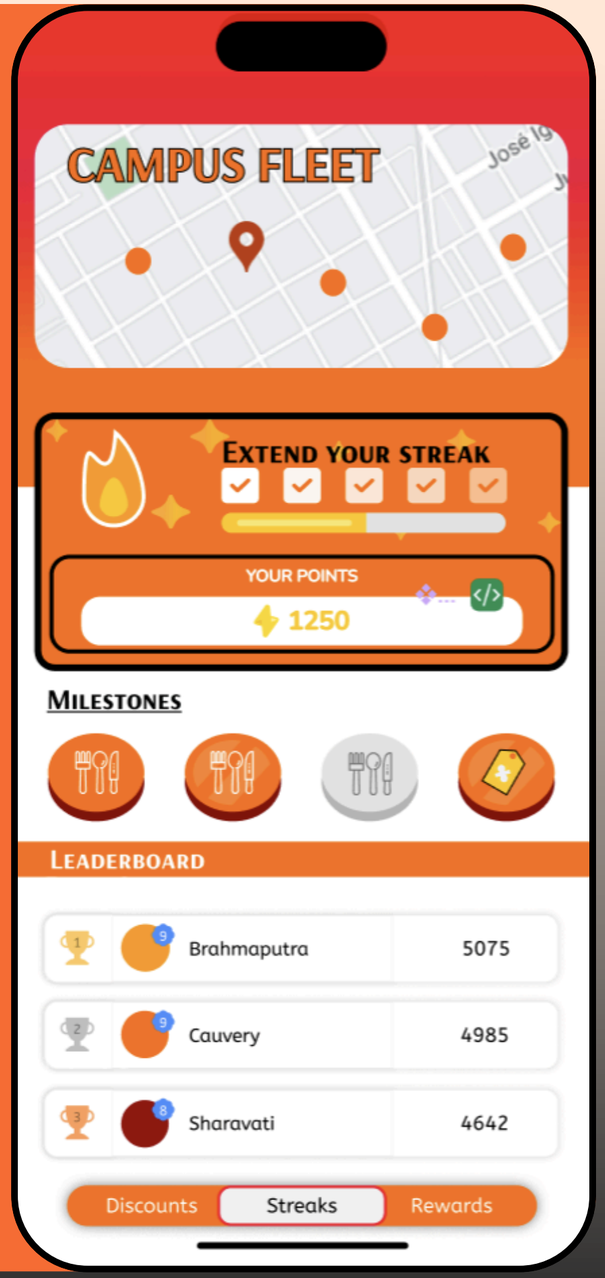

- Currently IITM has a few **in-house** choices to satisfy our craving (fast food, Snacks, Late night etc.)
- But all of these **lack Variety** in food items. Their only **Pro** being **Convenience**.
- Opting through **Food Delivery apps,** solves the issue with **Variety** but ruins it with **Delivery Fee (Cost)** and **lack of Doorstep Delivery (Convenience).**

Size of the Circle here indicates Variety of food.

Swiggy Campus Eats UI Imagined

Gamification - Every Order is a Quest

Student Streak Rewards - Simple, achievable weekly/monthly challenges designed to build ordering habits.

builds a **Habit Loop**

Targets a **20%** lift in **Weekly Active Users (WAU)**

increases 30-day **repeat purchase** rate by **25%.**

Campus Food Badges - A semester-long gamified leaderboard competition leveraging inter-hostel rivalries.

Motivates users to earn at least one badge within the first month by driving **Goal-Setting & Collection behaviors**.

Can drive **adoption of Swiggy DineOut** among the student segment and **lifts order frequency**

The Hostel Food League - A semester-long gamified leaderboard competition leveraging inter-hostel rivalries.

leveraging **tribalism & social proof** | **+15%** order **frequency** | **+10%** Average Order Value **(AOV)** on "Social Bonus" DineOut check-ins.

Cross-hostel "Collab Points" system encourages multi-hostel orders, boosting usage by **1.5–2×**

Swiggy Semester Wrapped - A hyper-personalized, highly shareable social media "story" summarizing a student's semester on Swiggy

Targets a **25% share rate** on **social media**

Taps into the **Endowment Effect** and desire for **Social Capital**

500K+ social media impressions

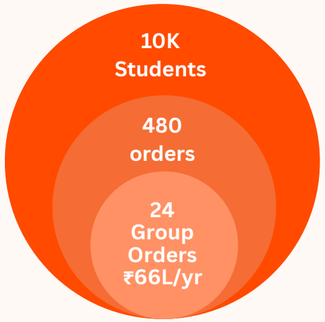

Collab Cart

Real-time **group ordering**- reduces the social friction of group orders, and eases **splitting the bill.**
One student ("host") starts a **shared cart** from **any restaurant**, generating a unique link that friends can join, and add their own orders to.

Problems Addressed

1. **Freedom of Choice:** People ordering from the same group can order from restaurants of their choice.
2. **Ease of Payment:** Right now one person pays whole and is reimbursed on by one. Very in-convenient.

Market Size

A Fermi-Estimate Provides : ~400 people/day from IITM
Assume 1 in 20 orders are Group orders
Avg. group order = 4 members × ₹200 = **₹800**
Increased **order frequency** by **18-20%** thanks to **convenience**
Saving on Driver Commission = ₹90/order * 24 orders = **₹2160/day**
additional ₹18K/day in **revenue**, **₹66L /year**

Implementation Cost

Feature development	30-35L (one time)
Maintenance costs	4-5L (yearly)

Swiggy

CAMPUS EXECUTIVE

1

Responsibilties

2-3 Executives in IITM,8K Salary

1. Insights for Seasonal Rewards and Campaigns
2. PoC for Shaastra/Saarang (Major Tech/Cultural fest)
3. Campus fleet management:
   a. Recruitment by conducting events
   b. Quality management
4. Monthly Statistics Reporting and Revising of Strategies

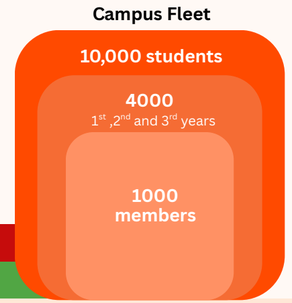

The key driver behind strategic, time, data-driven campaigns, will actively take on roles to improve swiggy's brand positioning among students, whilst working on swiggy's discounts and vouchers to attract and retain the campus audience, driving swiggy as the Primary Choice

SWIGGY CAMPUS FLEET

2

- What it is: A low-cost, student-operated delivery model for Last-Mile: The "Campus Fleet" (students on cycles) delivers from these points to the hostels,on their way to mess,hangout or other daily stuff
- What it solves:Campus access restrictions for external delivery partners.
- How it works: Regular delivery partners leave all campus orders at the current access points(swarna,tharamani and velachery gate).

Risk: Unprofessionalism in the student fleet.

Mitigation: Implement a mandatory rating system for fleet members.

Communication & Logistics (Fleet Side):

- Registration: Students register as fleet members via a "Campus Eats" tab.
- Order View: CampusEat tab shows incoming orders and hub ETAs, which fleet members accept or reject via pop-up.
- Batching: Members can accept and combine multiple orders arriving within a 20-minute window.

Communication & Logistics (Customer Side):

Choice: At checkout, customers choose "Campus Fleet" delivery or self-pickup from the hub.

campus fleet potential
₹10 per order,nearly 400 orders per day **₹ 4000 per day**

SWIGGY X CAMPUS FESTS

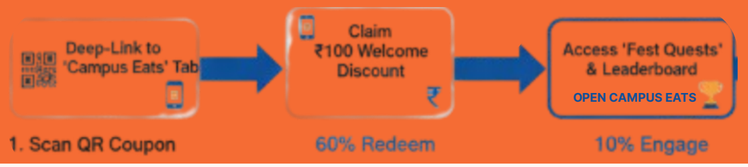

3

- Why Sponsor: To acquire new student users, drive adoption of the "Campus Eats" app feature, capture student ID verifications for "Swiggy One Students," and generate sign-ups for the "Swiggy Campus Fleet."
- How Much to Sponsor:A medium-level sponsorship centered on distributing 1,000 QR code coupons at the college fest.

"The Campus Eats Challenge Pass"

"Welcome to Campus Eats! As your first reward, here's FLAT ₹100 OFF your next order (min. ₹199).Register using Your college id
